- This product is a pre-cooked pouched food.
- Be careful not to injure your fingers on the edges while opening the package or removing the contents.
- An oxygen absorber is included. Please remove it, as it is not edible.
- Once opened, please consume as soon as possible, regardless of the expiration date.
- When disposing off this product, please follow your local waste disposal guidelines.
- It can be relished as it is, but heating enhances the flavours.

【Heating Instructions】

- ① If Using Hot Water (Boil-in-Bag Method):

Without opening the pouch, place the outer bag in simmering water and heat for about 10 minutes.

- ② If using a Microwave:

Take the pouch out of the outer bag, remove the paper wrap and the oxygen absorber, and microwave it without removing the film.

Microwave Heating Guide
500W: approx. 60 seconds.
600W: approx. 50 seconds.

Do not microwave the pouch together with the outer bag.

- ※ The outer bag contains aluminum. Heating it in the microwave may cause sparking or fire.
- ※ The product will be very hot after heating. Please take care to avoid burns.
